Checksum (MD5) for HF7.zip	**9cce3049103a5a9997251d346f21659e**

What's in this Release?

This hotfix addresses the incorrect timestamp displayed against a layer.

Hotfix Dependencies

GeoGraphix 2015.1 must be installed along with Service Pack 2015.1.2 prior to the hotfix installation.

Fixed Issue

Project Explorer

ID	Issue Description	Fix Description
123938	Incorrect modified timestamp displays against a layer after upgrading to 2015.1.2.	The actual modified timestamp is read from the layer properties file.

Installation Instructions

To install this hotfix:

1. Both GeoGraphix 2015.1 and Service Pack 2015.1.2 must be installed.
2. Shutdown all running GeoGraphix 2015.1.2 applications and services.
3. Download the hotfix installer to a folder on your hard drive.
4. Extract the contents of HF7.zip.
5. Select **DeployHotFix.exe**, and then click **Run as Administrator** from the context menu.

Files Updated
Project Explorer
1. GxClient.dll (32-bit & 64-bit) version 16.1.15105.0
2. PmExt.dll (32-bit & 64-bit) version 16.1.15105.0

Note: To view the file version, right-click the file, and select the **Properties** option from the shortcut menu. The **Properties** dialog displays. Select the **Details** tab.

DISCLAIMER
If you have any questions or encounter any problems, please visit the **LMKR Support website**:
http://support.lmkr.com
Or, contact Customer Support in your region. Refer to the section **Contacting LMKR** for details.

Contacting LMKR
Our new dedicated system is accessible via local call-in numbers* and is an alternative way for you to submit a technical support case and/or speak directly with a GeoGraphix Support Analyst.

Support via Web Portal
You can also submit a support request directly to LMKR Customer Support by registering a case through the **LMKR Customer Support Portal**: http://support.lmkr.com

To request support in the LMKR Customer Support Portal:
1. In the main support page, **login** using your registered email and password. Please register your email before you access the site.
2. Select the **Case Management** tab or use the **Manage Cases** link on the main support page.
3. In the **Case Management** tab, click the **Create a New Case** link.
4. In the **Create Case** page, fill in the necessary information. Provide details about your technical concern, including any error messages, the workflow steps where the problem occurred, and attach screenshot that display the problem. You can also attach other files, such as example data files, which may help understanding the issue
5. Click the **Create Case** button. A support analyst in the nearest Technical Assistance Center will respond to your request.

We will ensure a quick and satisfactory answer to your query. If the problem cannot be resolved over the phone at the regional level, an escalation team will take over the resolution of your support case and will get back to you without delay.
