# Introduction

LMKR is pleased to announce the release of the GVERSE<sup>™</sup> Connect 2016.1.1 Plug-in. This release supports the bidirectional transfer of data between GeoGraphix<sup>®</sup> 2016.1.x and Petrel<sup>\*</sup> 2015.1.x.

The Connect plug-in enables well, seismic and surfaces to come together into an integrated interpretation environment. This plug-in facilitates the direct exchange of data between GeoGraphix<sup>®</sup> and Petrel. It enables an efficient exchange between two industry-leading E&P technologies and provides users the ability to use the "best fit" technologies for their job without the concern of data migration issues and related delays. The Connect plug-in is part of the GVERSE application suite by LMKR (http://www.lmkr.com/gverse).

LMKR GVERSE consists of geoscience and engineering solutions focused on workflow optimization and enhancing the productivity of the teams working on diverse geological and geophysical projects. These applications help cut the processing time required for interpretations resulting in fast, easy to use scalable tools that are inter-operable with other known geoscience software suites; enabling a connected multi skilled workforce.

This document guides you through the installation and license configuration processes of the Connect plug-in. It also lists the system requirements necessary to install and run the plug-in.

# System Requirements

The following sections list the system requirements for the Connect 2016.1.1 plug-in.

### Software

The software that must be installed on the system running the plug-in are as follows:

- Petrel 2015.1.x
- GeoGraphix Discovery 2016.1.x
- LMKR License Management Tool 2016.1 for Connect license

The LMKR License Management Tool (LMT) must be installed to configure the Connect license.

- Microsoft<sup>®</sup> Visual C++ Runtime 2013
- Adobe Reader for selected help files (optional)

### **Operating System**

To run the plug-in, you need one of the following operating systems installed on your system:

- Windows<sup>®</sup> 7 Professional x64
- Windows<sup>®</sup> 10 x64
- Windows<sup>®</sup> 7 Enterprise x64
- Windows<sup>®</sup> 7 Ultimate x64

Note: It is recommend to use the latest Microsoft<sup>®</sup> service packs and security patches.

<sup>&</sup>lt;sup>\*</sup> Mark of Schlumberger

### Hardware

The hardware requirements for the plug-in are the same as the Petrel hardware requirements.

### Licenses

The following licenses are required to run the plug-in:

- Petrel 2015.1.x license
- GeoGraphix Discovery 2016.1 license
- GVERSE Connect 2016.1 license

The following product/feature licenses are required to import/export the IsoMap surfaces, and horizons and faults:

- IsoMap license for surfaces
- SeisVision license for horizons and faults

<u>Note</u>: Refer to the LMKR Customer Support Portal (<u>http://support.lmkr.com/</u>) for up-to-date information on the requirements.

# Installation

This section guides you through the installation and uninstallation processes of the Connect plug-in.

### Installing GVERSE Connect

Prior to installation, please make sure that supported versions of GeoGraphix and Petrel are installed on the system.

To install the Connect plug-in:

- 1. Download the plug-in from the LMKR Support Portal Downloads page (<u>http://support.lmkr.com/</u>).
- 2. Navigate to the location where you downloaded the installation setup.

**Note:** Before starting the installation, please make sure that all open applications are closed.

3. Double-click the Connect plug-in setup executable file (EXE).

The Installation Wizard dialog displays.

<b>G</b> VERSE™	
	Connect 2016.1.1
	Welcome to the LMKR GVERSE Connect Installer.
	This will instal GVERSE Connect for GeoGraphix 2016.1.x and Petrel 2015.1.
	WARNING: This program is protected by copyright laws and international treaties.
	Next Cancel
	"Mark of sohlumberger

4. Click Next.

The End User License Agreement dialog displays.

<b>G</b> VERSE™	Connect 2016.1.1	
	END USER LICENSE AGREEMENT	*
	PLEASE READ THIS END-USER LICENSE AGREEMENT ("EULA") CAREFULLY BEFORE USING THE SOFTWARE. THE FOLLOWING TERMS CONSTITUTE A BINDING LEGAL AGREEMENT BETWEEN YOU AND LMKR HOLDINGS, ITS SUBSIDIARIES, AFFILIATES AND ASSIGNS (COLLECTIVELY "LMKR") CONCERNING SPECIFIED SOFTWARE PRODUCT(S) ("SOFTWARE"). DOR "SOFTWARE"). BY ACCESSING, INSTALLING, COPYING OR OTHERWISE USING ALL OR ANY PORTION OF THE SOFTWARE, YOU AGREE TO BE BOUND BY THE TERMS OF THIS EULA.	4
	Install Cancel	
	"Kark of sohum	berger

5. If you agree to the license agreement, then click Install.

The installation process initiates and the dialog displays the installation progress.

When the installation finishes, the Exit dialog displays.

	Connect Plug-in for the Petrel* Platf		
	Installation finished	d successfully	
	Exit		
			*Mark of schlumberger

6. Click **Exit** to complete the installation.

### Uninstalling GVERSE Connect

Petrel must be closed before removing the Connect plug-in.

To uninstall the Connect plug-in:

1. From the Windows Start menu, select Control Panel.

The Control Panel window displays.

2. From Programs, select Uninstall a Program.

The Programs and Features window displays.

3. In the list of applications, double-click GVERSE Connect 2016.1.1 for GeoGraphix 2016.1.x and Petrel 2015.1.

The dialog to uninstall the Connect plug-in displays.

#### 4. Click Uninstall.

The uninstall process initiates and the dialog displays the uninstallation progress.

Once the Connect plug-in is uninstalled from your system, the 'Uninstallation complete' message displays.

5. Click **Exit** to finish the uninstallation.

# Licensing

To run the Connect plug-in, you need a valid LMKR license. Please contact <u>COS@lmkr.com</u> to request a license. Once you receive the license, use the LMT to configure it for a single system or to set up a network license on a server. This can be done either before or after the Connect plug-in installation.

If a license file is not configured, then the plug-in does not open and an error message displays. In this case, you must configure the license using the LMT, and then re-launch the Connect plug-in.

This section provides basic information on how to configure the Connect plug-in license using the LMT. For detailed information on how to install the LMT and configure the Connect plug-in license, refer to the LMT Installation document.

### Configuring the License

To configure the Connect plug-in license:

- 1. Obtain your license file from COS@lmkr.com.
- 2. Download the LMT from the LMKR Support Portal Downloads page (<u>http://support.lmkr.com/</u>).
- 3. Install the LMT. Once installed, launch the LMT from **Start>>All Programs>>LMKR>>Licensing>>** License Management Tool.

The LMKR License Management Tool Welcome dialog displays.

LMKR License Management Tool		
Welcome		
I want to configure client licensing for this computer		
I want to setup or manage a network license server on this computer		
	About	Close

- 4. In this dialog, you can either:
  - Click I want to configure client licensing for this computer to <u>configure a client side license</u> on the current system.

Or

 Click I want to setup or manage a network license server on this computer to <u>setup a license</u> server.

### Configure a Client Side License

After clicking I want to configure client licensing for this computer, the Client Licenses dialog displays.

LMKR License Management Tool

	Move Up
	Move Down
Upload File Add Server Remove View	
Back	Done
KR	Done

- 5. In this dialog, you can either:
  - Click **Upload file** to <u>select a standalone client license file</u>.
  - Or
  - Click Add Server to <u>connect to an existing license server</u>.

#### Select a Standalone Client License File

6. Click **Upload File**, browse to select the license you received from LMKR, and then click **Open**.

The selected license displays.

lient Licenses	
C:\ProgramData\LMKR\Licensing\Client1.lic (From C:\Temp\StandaloneLicense.txt)	
	Move Up
« []	Move Up Move Dow

	Move Dow

#### 7. Click Next.

On successful license configuration, the 'Pass' message displays as shown in the image below.

LMKR License Manageme	int Tool
License Validation	'C:\ProgramData\LMKR\Licensing\Client1.lic' has passed the validation.
-	
KR	Back Done

Note: If an error occurs, please contact <a href="mailto:support@lmkr.com">support@lmkr.com</a> for assistance.

8. Click **Done** when finished.

#### Connect to an Existing License Server

6. Click Add Server.

The Add Server dialog displays.

Server Informa	tion	
Port Number	0	🔽 Auto
Server Name		
	Ø	

- 7. In this dialog, specify the following:
  - Port Number: If a specific port is required, clear the Auto checkbox, and then enter the port number that matches the port number being used by the LMKR license server (contact your network administrator for more information).
  - Server Name: Enter the name or the IP address of the license server

**Note:** By default, the Auto option is selected where the port is automatically detected. This option is used only when the license server uses a port from within the block of ports specific for Flexera FLEXnet Licensing ranging from 27000 to 27009.

#### 8. Click **OK**.

The selected LMKR license server displays in this dialog.

@LMKRLicenseServer	
	Move Up
	Move Down

- 9. Click Next.
- 10. Click **Done** once finished.

### Setup a License Server

This is only performed on the system running the LMKR license server.

After clicking I want to setup or manage a network license server on this computer, the Update Service dialog displays.

View

- 5. In this dialog, specify the following:
  - Port Number: If a specific port is required by your network administrator, clear the Auto checkbox, and then enter the port number.
  - License File: Click Upload to upload a new license file. The license file that is uploaded is renamed as Server.lic. This file is saved in the C:\ProgramData\LMKR\Licensing folder.
  - Log File: Click Browse to select a location to save the log file.

Service Name	LMKR License Service	Remove	
Port Number	0 V Auto		
License File	C:\ProgramData\LMKR\Licensing\Server.lic	Upload	View
Upload From	C:\Program Files\LMKR\Licensing\Discovery_counted_permanent_Server.lic		View

Lmkr.exe	C:\Program Files\LMKR\Licensing\LMKR.exe		
Lmgrd.exe	C:\Program Files\LMKR\Licensing\Imgrd.exe		

6. Click Next.

The LMKR License Server is then installed as a Windows Service.

LMKR License Ma	inagement Tool			
Service Name LI	MKR License Service			
Start	Stop	Restart		
	View Log	Validate		
-				
LM KR			Back	Done

7. Click **Start** to initiate the **LMKR License Service**.

The 'The service started' message displays on the dialog.

LMKR License Ma	nagement Tool				
Service Name LM	MKR License Service				
Start	Stop	Restart	The service started.		
	View Log	Validate			
				Back	Done

**Note:** If an error appears, contact <u>support@lmkr.com</u> for assistance.

8. Click **Done** once finished.

# **Third Party Applications**

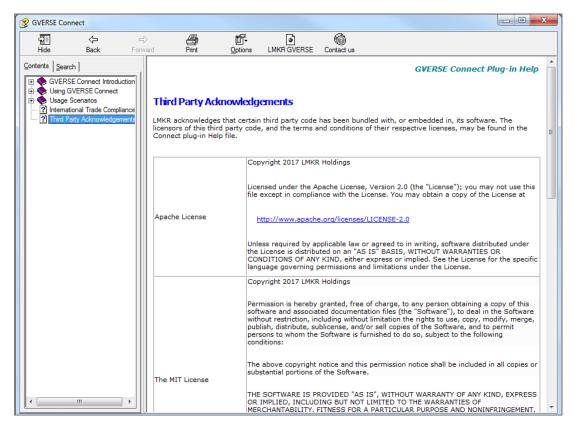

LMKR acknowledges that certain third party code has been bundled with, or embedded in, its software. The licensors of this third party code, and the terms and conditions of their respective licenses, may be found in the Connect plug-in Help file.

To access the third party license agreements:

1. In the Connect plug-in dialog, click

The Help window displays.

2. In the **Contents** pane, locate the **Third Party Acknowledgements** help topic as shown in the image below.

# International Trade Compliance

This application is manufactured or designed using U.S. origin technology and is therefore subject to the export control laws of the United States. Any use or further disposition of such items is subject to U.S. law. Exports from the United States and any re-export thereafter may require a formal export license authorization from the government. If there are doubts about the requirements of the applicable law, it is recommended that the buyer obtain qualified legal advice. These items cannot be used in the design, production, use, or storage of chemical, biological, or nuclear weapons, or missiles of any kind.

The ECCNs provided here (if available) represent LMKR's opinion of the correct classification for the product today (based on the original software and/or original hardware). Classifications are subject to change. If you have any questions or need assistance please contact us at <a href="mailto:support@lmkr.com">support@lmkr.com</a>.

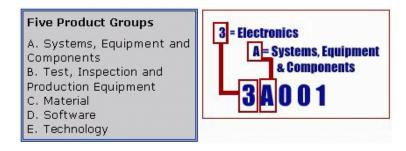

Under the U.S. Export Administration Regulations (EAR), the U.S. Government assigns your organization or client, as exporter/importer of record, responsibility for determining the correct authorization for the item at the time of export/import. Restrictions may apply to shipments based on the products, the customer, or the country of destination, and an export license may be required by the Department of Commerce prior to shipment. The U.S. Bureau of Industry and Security provides a website to assist you with determining the need for a license and with information regarding where to obtain help.

The URL is: <u>http://www.bis.doc.gov</u>.

# Definitions

ECCN - Export Control Classification Number - The ECCN is an alpha-numeric code, e.g., 3A001, that describes a particular item or type of item, and shows the controls placed on that item. The CCL (Commerce Control List) is divided into ten broad categories, and each category is further subdivided into five product groups. The CCL is available on the <u>EAR Website</u>.

The following illustration is a sample:

The ECCN number (if available) and License Type for this product are included in the table below. Also included is the date the table was last updated.

Product/Component/R5000	EAR Number	License	Last Updated On
GVERSE Connect	EAR99	EAR	11/23/2015

# Contacting LMKR Support

LMKR is committed to providing the highest level of technical customer support in the industry. With an average tenure of more than thirteen years, our highly trained and experienced staff of technical analysts is comprised of geoscientists, engineers, land professionals, petrophysicists, and system specialists.

Please refer to our Customer Support timings mentioned below to ensure that you have access to our support analysts assigned to your region. When getting in touch with LMKR support, please remember that real-time support will not be available during bank holidays or after office hours. If you do get in touch with LMKR Support outside of work hours, please leave a voice message with a brief description of the issue that you are facing. Your voice message will be used to automatically create a support case for you. This will enable our analysts to attend to your issue and provide you with a resolution as soon as possible.
