Build Number	<b>N/A</b>
Checksum (MD5) for HF1.zip	<b>ffe3094410b7cfb49f072a8c499ebd83</b>

### What's in this Release?

This hotfix addresses the spatial reference system recognition issue in GeoAtlas.

### Hotfix Dependencies

GeoGraphix 2016.1.2 must be installed prior to the hotfix installation.

### Fixed Issue

GeoAtlas

ID	Issue Description	Fix Description
121378	Unable to read spatial reference system information provided as EPSG Code.	The information reads correctly. Hence, the required spatial reference system creates successfully.

### Installation Instructions

To install this hotfix:

1. GeoGraphix 2016.1.2 must be installed.
2. Shutdown all running GeoGraphix 2016.1.2 applications and services.
3. Download the hotfix installer to a folder on your hard drive.
4. Extract the contents of HF2.zip.
5. Right-click **DeployHotFix.exe**, and then click **Run as Administrator** from the context menu.

### Files Updated

GeoAtlas

1. AOLib.dll (32-bit) version 16.5.16213.2
2. AOLib.v101.dll (32-bit) version 16.5.16213.2
3. AOLib.v102.dll (32-bit) version 16.5.16213.2
4. AOLib.v103.dll (32-bit) version 16.5.16213.2
5. AOLib.v104.dll (32-bit) version 16.5.16213.2

**Note:** To view the file version, right-click the file, and select the **Properties** option from the shortcut menu. The **Properties** dialog displays. Select the **Details** tab.

### Support via Web Portal

You can also submit a support request directly to LMKR Customer Support by registering a case through the **LMKR Customer Support Portal**: <http://support.lmkr.com>

To request support in the LMKR Customer Support Portal:

1. In the main support page, **login** using your registered email and password. Please register your email before you access the site.
2. Select the **Case Management** tab or use the **Manage Cases** link on the main support page.
3. In the **Case Management** tab, click the **Create a New Case** link.
4. In the **Create Case** page, fill in the necessary information. Provide details about your technical concern, including any error messages, the workflow steps where the problem occurred, and attach screenshot that display the problem. You can also attach other files, such as example data files, which may help understanding the issue
5. Click the **Create Case** button. A support analyst in the nearest Technical Assistance Center will respond to your request.

We will ensure a quick and satisfactory answer to your query. If the problem cannot be resolved over the phone at the regional level, an escalation team will take over the resolution of your support case and will get back to you without delay.
